RAYMOND RECORDER

No. 29

Vol. 8

Friday, February 13, 1953

Mrs. Alma Mendenhall was the Honored Guest at the Birthday Club Party held at the home of Mrs. Irene Miller Monday evening. A pleasant evening of chatting was concluded with a delicious lunch and the presentation of a gift to the honoree by the hostess. Mrs. Mary Fairbanks was a special guest.

Mr. and Mrs. Kiehl Bigelow and daughter Susan Wendy have been visiting relatives and friends in town before going on to Salt Lake. While here they were the guests of his brother-in-law and sister, Mr. and Mrs. Rayo Woolf.

Mr. and Mrs. Bigelow have a Dude Ranch at Valemount, B. C. near Yellowhead Pass, through which the pipeline is going.

Mr. and Mrs. Alan Heggie entertained at an informal get-together in honor of Mr. and Mrs. Earl Greep when they were here visiting from Castlegar, B. C. recently.

Eileen Dahl Weds Rex Anderson In Cardston Temple

Marriage vows were recently exchanged between Eileen, daughter of Mr. and Mrs. Clifford Dahl, and Rex, son of Mr. and Mrs. Angus Anderson of Tyrell's Lake. The marriage was performed in the Alberta Temple by President Smith in the presence of immediate relatives and friends.

The bride was lovely in a white satin gown styled with the full skirt inset with lace matching the lace used in the design of the bodice. Tiny buttons started at the mandarin collar and buttoned to the waist. The finger tip veil edged in lace fell from a sweetheart headpiece. A bouquet of Cala lilies and red roses was carried in her arms.

Her bridesmaids, Louise Dahl and Coleen Christensen were gownned in full length mauve and pink respectively and carried bouquets of pink 'mums. Mrs. Dahl wore a blue dress and a corsage of rose carnations while the groom's mother chose a turquoise frock complimented by a pink carnation corsage.

Jim Heninger was the groom's Best Man, and Wayne Dahl, Gordon Anderson, and Richard Fairway were ushers.

At seven-thirty in the silvery decorated Stake House many well-wishers called to extend their felicitations to the newly-weds. June Howitt, the bride's former class-mate, was in charge of the Guest Book and Mr. and Mrs. Carl Salmon, Eva Dahl, Barbara Anderson, Judy Anderson and Merely Peterson arranged the gifts.

Mrs. Emma Dahl played soft music while the guests partook of the lunch. June Woodhead and Mrs. Bill Bowden were in charge of the table.

During the entertaining program emceed by Bill Bowden, the bridal party was seated against a backdrop of fern, Christmas cacti, and streamers and bells.

Mrs. Evelyn Melchin sang two numbers, "Day of Golden Promise" and "Bird Songs at Eventide", after which Pat Strong played a piano solo. "Starting Out" was the name of the Reading given by Norma Anderson followed by two vocal solos by Kay Salmon. "Without A Song" and Bernice Dahl and Mesdames Kay Anderson and Moselle Baker sang "The Temple of Our Father" prior to Mrs. Zettella Taylor's humorous Reading, the concluding number. Dr. Taylor proposed the Toast to the bride.

For their honeymoon trip to Salt Lake, the bride donned a soft grey wool suit, dark purple coat and black accessories. Her corsage was of tall-man roses.

Temple Marriage For Inez Christensen And Lamond Webster

On January 14th, in the Alberta Temple, Inez, daughter of Mr. and Mrs. Ezra Christensen became the bride of Lamond, son of Mr. and Mrs. Webster of Mountain View.

The bride was attired in a gown with a full satin skirt and lace over satin bodice featuring a v neckline. Her finger tip veil fell from a glittering coronet and a corsage of red carnations was pinned to her shoulder.

Bridesmaid Louise Dahl was gownned in pale green and Mrs. Christensen wore a blue suit while the groom's mother wore a wine suit.

A reception was held at the home of the groom's parents for immediate family and friends.

Mrs. F. W. Romeril Laid To Rest

Funeral services for Mrs. F. W. Romeril, 63, who passed away in Cardston hospital Friday afternoon, were held from the First Ward chapel on Monday at 1 p.m. with Bishop Bruce Burt conducting, and Mrs. Queenie Nielson at the organ.

A mixed quartette composed of Mrs. Edna Wood, Mrs. Alma Hansen, Leo Davidson and Richard Low, sang the hymn, "Nearer My God To Thee". Invocation was offered by J. F. Wood.

Elder Lester Lee spoke on the Plan of Life and Salvation. Ken Long rendered the solo, "Hold Thou My Hand".

President J. H. Walker spoke of his long acquaintance with the family and paid tribute to the deceased and a wonderful wife and mother and a patient sufferer.

The quartette sang "Rock of Ages" as the closing hymn and Elder Gordon Gregson offered the benediction.

Interment took place in Raymond cemetery with Bishop Eldon Olsen of Beazer, a son-in-law, offering the graveside prayer.

Pall bearers were: Dick Kinsey of Raymond, Wm. Hogenson, Heber Perrett, Henry Perrett, Charlie Perrett and Glen Adamson, all of Stirling.

Biography

Rose Nelson Romeril was born in England in 1890. She came to Canada with her parents in 1910, settling in Stirling.

Two months later she was married to Fred Romeril and lived in Wellington and Raymond districts until they retired and moved to Cardston in 1950 and built a lovely home here.

She survived by her husband, F. W. Romeril, three sons, of Cardston and Charles of Raymond; two daughters, Mrs. Elizabeth Olsen of Beazer and Louise at home; also 13 grandchildren.

—Cardston News

Friday evening the Frank Taylors, Heber Allens, C. R. Wings, Lincoln Woods, Lee Brewertons, Louis Brandleys, Frank Balls, and John Allen were guests at the home of Mr. and Mrs. Jim Grant for a delicious dinner, followed by an evening of Rook. Prizes were awarded to Mrs. Taylor and Mrs. Brewerton for High Score and Low Score respectively, and Mr. Allen and Mr. Wing copped the men's prizes.

Mr. and Mrs. Jack Kenney motored to Edmonton Thursday afternoon with Mr. Ern Nilsson to visit their 17 year old son, Dee, who is a patient in the University Hospital.

He was rushed to Edmonton the first of the year and a major operation performed on his back when the lower half of his body suddenly became paralyzed. The latest word his parents have is that a little feeling is coming back and he has a little reflex.

Our Message To You

This is indeed a red letter day for us

It is with great pride and satisfaction to tell you that the newspaper you are now reading was printed on a Badcock No. 5 Printing Press that is a far cry from the old Diamond that we have been battling for the past three years.

It has long been a dream of ours to instal a new (to us) press that would make it possible for us to do the job we started — to print a weekly newspaper. A good number of times during our stay here we have had the main work of the paper done and when we put it on the press to print — a process that should have taken about an hour — the old thing would become contrary and refused to operate properly or sometimes at all. It has been, at times, a heartbreaking experience to see all the work gathering the news and the ads and the setting and making up just sit and grow old just because we were unable to get the press running.

Some might ask why we didn't get new parts and repair it — the reason is that the Diamond Press has been out of production for more years than most of us can remember. We were fortunate a year ago to get some parts off the Diamond in Magrath that made it possible for us to do a little repairing but as soon as we had one part fixed up another would develop. Many times during our stay here we have taken almost every part off that could be removed and tried everything in our power to get it going right — to no avail.

Up until Christmas the old press had caused us much anguish and been responsible for hundreds of bruise and minor lacerations but had not attacked very viciously — a kind of cold war had developed during our many hours of our association. All that came to an end with the yuletide issue for at that time the press took advantage of the cheery situation and launched an all-out offensive that cost me the nail of my index finger and the doctor the inconvenience of being called from a turkey dinner — I thought I had been mortally wounded but as it turned out I wasn't. Even so the decision to get rid of "The Thing" had been made.

We had heard that there was a press for sale at Drumheller so while in Calgary visiting Roxies folks we travelled out there to find that the press they had for sale might have been an improvement but we doubted it. Our next move was to phone the Bowes Bros. in Grande Prairie about the one they had advertised in our trade magazine. From the description of it we feared that the cost would run into the thousands but because of the transportation factors involved they had decided to sell it for a thousand dollars "where is, as is". To get further knowledge about it we drove up to see it — a thing not recommended — the driving up there we mean!

We made a tentative agreement with them to buy it for half cash and monthly terms and with the help of our friendly banker we carried out this deal. When we were up there looking the press over we had made arrangements with an expert from Edmonton to dismantle the press and re-assemble it here for us. We were to get the press as soon as the Bowes Bros. got their four-page press in operation but a couple of parts had been lost in shipment so they had to be ordered from New York. Just as the parts arrived there the press expert died which re-

sulted in further delay for us. The parts were tricky to instal and so the fellows up there had their hands more than full but at last the great day arrived and with not just a little fear in my heart I started for the far north to dismantle the machine myself.

This process was not too difficult and when my good brother Jay's truck arrived the press was loaded and the long journey back was started. Bob Milmer, the driver, says as far as he's concerned he has seen the great north for the last time if he has to drive a truck to see it again.

Did you ever try loading and unloading a five ton machine with a truck equipped with a gin pole? If you haven't I can tell you there will be butterflys floating around in your mid-section when you see all that weight carried on that one cable. There were about three ton of smaller parts that were taken off the press and packed around the main body of the machine that weren't too bad to get off but oh boy when that big part was lifted I just closed my eyes and prayed.

At last the whole thing was on the ground and all that remained was to dismantle it further and carry it into the shop and re-assemble it. This process has been going on for the past week and at last you are reading the fruits of our labors.

We now have a press comparably to almost any one now contained in a weekly newspaper plant. It is capable of doing the finest book work, colored posters and all sorts of thing and so are we. We have been fortunate in getting another young fellow to come to work for us and so we are now in a position to give fast, efficient and economical service for all kinds of printing and a much better coverage of local and district news.

All this brings us to the subject of money. We didn't have enough of the long green to buy this press but thought that if we could guarantee our subscribers a paper every week that they would rally to our aid by paying their two-fifty for a subscription. The original thousand dollars for the press has now almost doubled because of all the installation costs so we are in hopes that we can collect enough from our individual readers to pay off a large portion of this debt. For your convenience the expiration date of your subscription is on the front of this paper and your prompt attention to your renewal (if expired) will be sincerely appreciated. We are even sure enough of our position now to accept two-year subscriptions at a discount of ten percent (for a limited time).

It is our intention that when we get caught up on our work and get things into shape here at the shop to hold an "open house" day so that everyone interested can come in and see our machine in operation. We have a linotype, an automatic press, and big newspaper press, a paper cutter, a casting box and saw and other miscellaneous tools of the trade that will prove interesting to anyone. If, in the meantime, you are in our neighborhood you are cordially invited to drop in and look around and become acquainted with our new printer, Harold Pustanyk.

Yours sincerely,

Max and Roxie.

P.S. Your expiring date has been forwarded two months to make up for missed papers.

The Hospital Auxiliary meeting was held January 21, at the home of Mrs. Manilla Meldrum.

Thank you notes were read from the nurses for Christmas gifts of flowers, chocolates and toys. A cheque for \$100.00 was sent to the Hospital Board for the purchase of a Wagenstein.

Plans made for the May bazaar and membership Tea.

More magazines are needed for patients pleasure.

Sewing: December 10, 52; 65 pieces mended and 3 new articles made. Helpers; Norma Meldrum, Helen Flexhaug, Fontella Hawkins and Eva Ralph.

January 14, 52; 19 pieces mended and 56 pieces sent out. Helpers; Ruth Salmon, Liz McLean, Norma Meldrum, Emma Dahl, Eulalie Nalder and LaRell Holt.

W. I. News

The regular monthly meeting of the Raymond W. I. was held on February 13th, at the home of Mrs. I. Kitchen. With President, Mrs. D. Paxman presiding, the meeting opened with a talk given by Dr. J. Harris Walker. He chose to speak on the subject of "Cancer".

He stated that everyone is interested in cancer, and those who live to middle life, know about cancer, as it has probably touched their lives in some way. Consider what cancer is — it is an abnormal growth of cells or tissues, rapidly growing and changing in appearance, and spread through the blood or lymph glands. Two main types are benign and malignant. Cancer is not contagious. Symptoms are sudden loss of weight, loss of appetite, any abnormal lump or swelling, loss of colour, abnormal bleeding, and anaemia. Pain is a late symptom. The cause of this disease is irritation of some sort, and congenital condition. The most common cancer in men, is skin, stomach, rectum lung, bowel and prostate. In women, breast, uterous, ovary, lung and bowel. Cancer is not so common in children, however, they are prone to cancer of the kidney, and cancer of the bones. Treatment of cancer is by X-ray, radium, cobalt bomb, and radio active elements, and surgery. Related conditions to cancer are leukemias, and Hodgkins disease. The future outlook is that cancer will be more and more common, as we live longer, it has become a disease of old age. There is a definite family tendency to cancer. What can be done — research is important, and there are three diagnostic clinics in this province, ready to help. Early treatment is necessary, and is paid for by the Province if authorized by a doctor.

The meeting voted a sincere thank you to Dr. Walker for this splendid talk, then continued with the regular portion of the meeting. Roll call was answered by 18 members, each responding with an item on 'A Husband's Good Points'. There will be a quilting at Mrs. Hollands on the 20th, to complete a quilt for Korea. The sum of \$10.00 was voted for Holland Flood Relief. Birthday gifts were received from Mrs. Holland, Mrs. Webster, and Mrs. Paris, which netted \$2.85 when auctioned to the members.

Mrs. Frank Hall, President of the Raymond Red Cross asked for volunteer canvassers for the coming campaign, and a number volunteered to help. Mrs. Hall won the door prize, a crocheted centre piece donated by Mrs. Wm. Paris.

After the meeting was adjourned, lunch was served by the hostess assisted by Mrs. W. W. McMullin.

The Child Psychology Club met at the home of Mrs. Zelda Woolley Wednesday evening with Mrs. Lois Heggie as a special guest. Child Discipline was the topic presented by Mrs. Edna Harker.

What Has Happened To Sport In Raymond?

We recently read about what the sports-minded people in Picture Butte are doing and it set us to thinking that there isn't as many sports activities going on in this town which is twice as large as the Butte.

What has happened to the famous Union Jack basketball team? Not many years ago there wasn't a team in the province that could touch them. But in a few short years the team has crumbled and today there isn't a team.

What have we got in baseball? Nothing; and we haven't had anything for the last five or six years.

Then take Boxing, hockey, or any other sports you can think of. There just isn't anything going on at all.

Think of the times when we had four or five Alberta boxing champions every year. Now we haven't even got any boys training. What is going to happen to Senior hockey when the boys quit sponsoring themselves? Every year they have to go around asking for donations. But these small donations hardly cover half of the expenses for a team which has to go to Lethbridge in order to play hockey.

What can be the cause of this situation? Can it be our Athletic Association, or the people of Raymond. We have often wondered. We have always had an Athletic Association, but lately we haven't heard much from them. It has always seemed to us that it was a basketball association because all other sports seemed to disappear. The hockey and boxing men have gone to the association for financial aid several times and have always received the same answer, sorry but we're short of funds right now. Yet the very next night they would bring in a high priced ball team to play. We're not trying to take anything away from basketball for it's a good team, but does it sound right to you. Have you ever seen a boxing tournament turn out a failure? Then why can't they stage at least one a year? Three years ago two hockey players tried to get a midget hockey team together to give the young fellows something to do. There were sixty boys turn out the first night. But after a couple of weeks of practice the team had to fold up because they couldn't find a sponsor. It doesn't sound very encouraging does it.

Right around that time a new curling rink was built. It wasn't very long before you saw those young boys roaming the street while their parents were curling. Why can't we have a decent skating rink? What is going to happen to those sixty boys?

The reason fastball and baseball has declined in the last few years is because the town refused them permission to play on Sunday, yet the very men who were responsible for this refusal can go down and curl on Sunday all they like. Does that sound right? We don't think so.

So we are going to let our children be deprived of the sports they chose to participate in or are we going to stay in the same rut and continue to be the same as we have been for the last five or six years.

It's up to you.

—Contributed

In the letter we received from Mrs. Orrin Baird (nee Bonnie Fawns) she said not to put any of it in the paper, but I know her friends will be interested to hear about her. They have moved from Provo to Henderson, Nevada which is 11 miles from Las Vegas and 10 miles from Boulder City. She says it is a new settlement out in the middle of the desert where the sun shines and the wind blows, and it doesn't rain or snow. Her husband is a Junior Chemist for the Titanium Metals Corp., a new growing concern.

GOVERNMENT BUSINESS

HOSPITALIZATION IN ALBERTA

In co-operation with municipalities, low-cost hospitalization is available to almost 75 percent of the people in this province.

This is accomplished by:

- The Alberta Government refunding 50 percent of the ward rate over and above \$1.00 a day to any municipality which agrees to hospitalize its ratepayers and their dependents at a direct cost to the patient of not more than \$1.00 a day for standard ward care.
- Refunding the same amount to any municipality which sells contracts to its non-ratepayers and agrees to provide standard ward rate hospitalization at \$1.00 a day to these non-ratepayers and their dependents.

In addition, your Government pays 70 cents a day to all approved hospitals for every day a resident of the Province is in hospital, and assumes responsibility for the maternity hospitalization grant and the special provincial payment for old age pensioners.

MUNICIPAL HOSPITAL DISTRICTS:

Any area can be organized as a Municipal Hospital District by application from municipal councils or by petition signed by at least 25 percent of the resident ratepayers. The hospital plan for the district may include the building of a hospital or arrangements for using the services of an established hospital. The Municipal Hospital District owns and controls its own hospital while administration and operation are in the hands of its own elected board. There are 61 municipal hospital districts in the province with a total capacity of nearly 2,000 beds, giving Alberta the highest hospital bed capacity rate in Canada.

A lovely lunch was served by the hostess.

1080 Spotted 21 Places In M. D. of Sugar City

Plans have been put into operation to bring an end to the dominion of the Coyote over the sheep, poultry and calves in this part of the province. Recently the poison 1080 was spotted in twenty-one places in the Municipality of Sugar City by Jimmy Archibald, government man from Lethbridge and Ray Depew of Raymond.

The poison called 1080 has proven highly successful for the past several years in the United States and was put out in the M. D. of Sugar City last spring but was too late to do any real good. This year the officials are getting the jump on Mr. Coyote and have high hopes of reducing his numbers greatly by next Spring.

Permission must be obtained from the owners of the land before bait can be placed and so far McIntyre Ranch is the only place in the District that have refused. This was done because the management are of the opinion that coyotes are needed to keep the mice in check. After permission has been granted the bait, a piece of horse meat soaked in the poison, is staked down and all the gates leading into the field are posted with red and white warning signs so hunters and farmers with dogs can take the necessary precautions against losing their dogs. It only takes a thimble full of 1080 to poison the carcass of a whole horse and it takes only one-eighth of a horse to kill about fifty coyotes. The poison is deadly to only those animals that eat the bait so it is perfectly safe as far as cattle and horses are concerned. In the Spring the bones of the animals used as bait are gathered up and destroyed. The horses used as bait this year were donated by Alf Ririe, the Kirkaldy and the O.K. Colony.

This action by the Municipality is welcomed with open arms by sheep ranchers who have been losing heavily in recent years to the coyotes. One man has gone out of the sheep business eight times because of these pests that will kill a sheep or turkey any time and that are responsible for the loss of many calves in the Spring. One farmer in the south country said that he couldn't leave his sheep for half an hour before the coyotes were after them. Packs of up to fifteen have been seen on McIntyre land.

Mr. Depew told us how the coyotes operate—a story we found highly interesting. He said that ordinarily coyotes do not chase the sheep but just lay in the grass until a sheep eats its way up to it—after that there's nothing to it. Another method used by this cunning creature is to walk right with the sheep, as many as four coyotes have been seen doing this in broad daylight.

Ray also told us of some of the reasons for the increase in coyote population, the greatest of which was the lack of demand for the pelt. In years gone by a good pelt would bring as high as twenty dollars and it was well worth while to go after them. In recent years the ladies are demanding—and getting—furs of different animals and so the coyote is left to multiply rapidly. Another reason for the increase here is that some places, such as McIntyre and the Blood Indian Reserve, will not permit the use of 1080 and do little else to keep the population down. Whenever they get over crowded there they move right into this area.

The world will never be without problems even though men of science are working constantly to make our three score and ten here as comfortable as possible.

Ed. Note: This was written several weeks ago but due to circumstances over which we had little control the printing has been delayed until now.

Mr. and Mrs. Doral Stone entertained a few friends at their home Sunday evening after Church, at which time a pleasant evening of chatting was enjoyed by the Arledge Hills, Bill Nalders, Jim Bridges, Barker Selmans and Gerry Melchins.

The Raymond Music Club met recently at the home of Mrs. Harry Fairbanks with Miss Dorothy Strong as assistant hostess.

The opening songs were: I Am The Little New Year and Pack Up Your Troubles sung by Club members.

The minutes of the December Christmas party and account of the program and lunch that the club took to the Mental Hospital; read and approved.

Roll call was taken and fifteen members were present.

President Sabey led in a discussion for plans of the club's annual Valentine Party which includes partners.

Committees were formed as follows: Dorothy - to secure 1st Friday in February in Legion Hall. Ruby - in charge of supper with Jane, Nellie and May Belle as assistants. Marie Strong and Kay - in charge of games. Ruth and Zina - in charge of program. Helen - to secure large turtle. The lesson was given by Marie Strong on the stage play - South Pacific. The words by Richard Rogers, musical score by Albert Hammenstien. The play has had three years steady running in London England and in New York City and now in the fourth year.

Marie received the plot of the play commented on the vocalists and their under studies and then played a complete album of the songs used in South Pacific.

The members thoroughly enjoyed the lesson which was well given.

Lunch was served by the hostess and tasted good, so they said.

Ruby adjourned the meeting.

Phone 171 Raymond

January 14th was the seventy-eighth birthday of C. H. Eveson, one of Raymond's early pioneers. All of his children, Mrs. George (Ethel) Batley, Mrs. Lem (Annie) Adams, Mrs. Jack (Dorothy) Adams of Warner, Mrs. Milt (Winnie) Strong of Lethbridge, Beth Eveson of Lethbridge, Charles of Glenwood, Stan of McLeod, Harold of Brooks and Grove of Le Grand, Oregon and many of his 27 grandchildren and 14 great-grandchildren met at the home of Mr. and Mrs. Lem Adams on that occasion to honor him.

Mrs. Eileen Phillips was M.C. for the short program which consisted of two solos, "Mottoes On The Wall" and "River Shannon" by Mrs. Alice Court; one of Edgar E Guest's Readings given by Mrs. Stevens; a duet by Mrs. Winnie Strong and Mrs. Muriel Terry and a Harmonica solo by Harold Stevens.

A lovely lunch was served and gifts presented to Mrs. Eveson before good-nights were said.

Mr. Eveson came to Raymond from England in 1908; working here a year before sending for his wife and four children. He worked on the first Sugar Factory here after which he was janitor at the Public School for a number of years. He concluded his working years as watchman at the local Factory and after his retirement he fulfilled a full term mission in Eastern Canada following which he lived with his son-in-law and daughter, Mr. and Mrs. George Batley in Salt Lake. Beth Eveson of Lethbridge now has her father living with her.

His wife passed away 19 years ago and a son died in England before the move to Canada.

Mr. Eveson has always been active in Church work and is still enjoying good health.

The Catholic Ladies Sewing Group met at the home of Mrs. Pavelka last Wednesday for an enjoyable evening song, born on January 21st in Edmonton. His name is Peter Wayne.

This is local news we had set for the paper after Christmas but didn't have a chance to get it printed

Special Services were held recently in the Fourth Ward honoring Thomas T. Mendenhall who has been appointed Stake Patriarch. The opening song by request was "Nay Speak No Ill" after which the opening prayer was offered by C. R. Wing. "Oh Come All Ye Faithful" was sung by the Ward Choir after which a few remarks were made by Bishop Snow, followed by an organ and piano duet of medley of Carols played by Roi and Doug Stone. Heber F. Allen in his talk spoke of the many virtues of Patriarch Mendenhall and recalled some of his humorous remarks. A solo was sung by Grace Selman followed by a talk by Bishop Hickman, and a vocal duet by Dawn Mendenhall and Margaret Stone. Concluding speakers were President J. H. Walker and Bishop Snow followed by a few remarks by Mr. Mendenhall. Clarence Allred offered the benediction after the closing song, "How Gentle God's Command's".

Friday evening Mrs. Milo Vance entertained a few friends in honor of Milo's birthday. After a delectable plate lunch took was enjoyed with the prize for High Score going to the Gerry Gibbs. Other guests were the Fritz Dahls, Athol Coopers, J. L. Gibbs, Orvin Hickens, Howard Rasmussens, Kay Redds, Godfrey Holmes and Mrs. Roy Woolley. The Fourth Ward Primary Officers and Teachers met at the home of Mrs. Bertha Stone last week for their Christmas Party. After the lesson, gifts were exchanged and a delightful lunch served by the hostess and assistant hostess, Mrs. Norma Zobel.

Mr. and Mrs. Ray Eachett and Mr. and Mrs. Roy Eachett of Cardston and Glenwood visited briefly in town on Tuesday with Mr. and Mrs. Max Hamilton. Mrs. Emma Dahl also has her daughter, Maxine, home for a few weeks from Winnipeg where she took a Comptometer Course. She will start work when she returns to Winnipeg on the 10th of January.

Mr. and Mrs. Heber Allen have their daughters, Miss Margaret Doney who is attending the BYU, and Miss Marion Allen of Ogden, Utah, home with them for the festive season.

Mrs. S. B. Smith in confined to her home after suffering a heart attack Friday evening.

The Les Amies entertained the husbands at a delicious turkey dinner served Buffet style, Saturday evening at the home of Mr. and Mrs. Gordon Rasmussen.

Possibly the highlight of the evening came when the husbands opened the gifts the Les Amies had so kindly given them; only to find that the parcels contained the coats, trousers, pens and slippers etc. that they hadn't been able to find all week.

The remainder of the evening was spent playing games and chatting.

Mr. and Mrs. Jack McPhee and family left Sunday morning for Vancouver where they will spend Christmas with his parents, Mr. and Mrs. Lloyd Macphee.

Mr. and Mrs. Peter Jones (nee Marie) met at the home of Mrs. Pavelka last Wednesday for an enjoyable evening song, born on January 21st in Edmonton. His name is Peter Wayne.

Mr. and Mrs. G.H. Evans have as their guests this week Mrs. Evans' mother Mrs. Leavitt of Blairmore.

Mr. and Mrs. Pat Walker of Vulcan spent Sunday with her brother-in-law and sister, Mr. and Mrs. Derald Miller.

The United Church W. A. met at the home of Mrs. Alma Helgerson last Thursday at which time the new Executive was installed. Mrs. Jim Dainard is the new President, Mrs. Roy Dahl, Vice President and Mrs. Ray Jacobs, Atwood, Secretary-Treasurer.

A delightful lunch was served after the business was taken care of.

Mrs. Ethel Jacobs, Margaret and the home of Mrs. Alma Helgerson last Thursday at which time the new Executive was installed. Mrs. Jim Dainard is the new President, Mrs. Roy Dahl, Vice President and Mrs. Ray Jacobs, Atwood, Secretary-Treasurer.

A delightful lunch was served after the business was taken care of.

ATTENTION**PASSENGER
CAR
OPERATORS**

Please note that your application for 1953 car license will not be accepted unless you can produce proof that your car has been "Inspected and Approved" within the past 12 months. Your current Approval Certificate number must be inserted on your 1953 application for registration.

If your car has been inspected and approved and the certificate of approval has become lost you may obtain a free duplicate by writing this office giving the license number of the car.

Motorists who have not yet had their cars inspected and approved are urged to do so NOW to avoid last minute rush and embarrassment.

The Fourth Quorum of Elders and their partners enjoyed a Supper, Party and Dance last Monday evening, under the direction of the Executive, Derald Miller, Ron Stevens, Kay Cook, and Ken Garner. The supper, which was delicious from the roast beef to the hot apple pie, was prepared by the Third Ward Relief Society.

Two vocal solos were rendered by Mrs. Kiehl Bigelow, after which Derald Miller showed two films; one of the Canadian Rockies and one of the Port of Churchill, following which Mr. and Mrs. Joe Strong took charge of the Square dancing and Mixers; concluding a merry evening for the large group.

A delectable lunch was served the members and Mrs. Elaine Meeks, the special guest.

FISHING NETS
A Taylor

YOUR BEST SECURITY IS
Alberta's
FUTURE

Few of us realize the extent of Alberta's commercial fishing industry—which in THE AVERAGE YEAR EXPORTS WELL over 3-million pounds. Artist Taylor here portrays a typical lake fishing establishment.

All of us realize the tremendous future of Alberta—and the helpful, progressive part that Treasury Branches are playing in its development. You'll find full financial service at your nearest Treasury Branch. And like thousands of Albertans, you'll find your Treasury Branch manager a good man to know.
